

## **Volunteer Grant Programs**

Many companies (such as Bloomberg's "Dollars for Your Hours" program) will make a gift to a charitable organization after their employees reach a certain number of volunteer hours with that non-profit organization. Volunteering for the MG Walk could range from registering as an MG walker and raising funds to showing up at the event to work at the start/finish line. Contact your HR department to see if your company has a similar program or is open to starting this initiative.

Here is how many of these programs can work:

1. Employees choose an organization (e.g.: MGFA) they wish to support and complete volunteer hours.
2. When an employee reaches a certain number of volunteer hours, the company will make a donation to the charity.

*For example: an employee volunteers for 25 hours, a grant to the charity organization of \$2,500 (or any appreciated amount) could be made by the employee's company.*

For volunteer opportunities, please contact the MG Walk Office at 1-855-MG-Walks (1-855-649-2557) or email [Info@MGWalk.org](mailto:Info@MGWalk.org).
